

The Caribbean Academy of Sciences Barbados Chapter Poster Competition

Science and Technology for Innovation and Sustainable Living

Students are invited to participate in the following categories:

Sixth Form/College: Participants will submit a logo which embodies elements of the broad theme of the competition.

Secondary School: Fifth and fourth form students are invited to design posters with the sub-theme ' Science and Technology for Sustainable Living'

Primary School: Students of classes 4 and 3 are invited to submit posters which focus on the theme 'Living Sustainably in the Home'

Poster sizes should be no larger than 2' x 3' and the logo submissions are restricted to landscape orientation.

Prizes: Sponsorship to science summer camps, scientific instruments, science tours

Deadline for submission: April 30th, 2015

Venues for submission:

**Caribbean Institute for Meteorology and Hydrology, Husbands, St. James
Division of Natural Sciences, Barbados Community College**
